Rotary Action Groups are one of the most important project resources throughout the Rotary world. With your support, Rotary club and district projects are more scalable and sustainable and Rotary's image and impact is growing around the globe. It is important that we report on our actions each year. Action Groups are asked to complete and submit their annual reports before 1 October.

The purpose of the annual report is twofold:

- (1) To ensure each Action Group is compliant with the requirements articulated in the Rotary Code of Policies, Section 42.020 and;
- (2) To gather useful information that can be shared with clubs and districts so they understand what type of support Rotary Action Groups can provide to their service projects

Please note: failure to complete this survey and submit an annual report by 1 October will result in immediate suspension.

To prepare in advance, you may view a copy of the questions that was emailed to you as a PDF document. Please submit your answers via Qualtrics survey.

Is this a TRF global grant project?	no
Project description	<p>While diverse collections of human trafficking laws on specialized issues or for particular jurisdictions exist, this compendium seeks to provide the first single standardized summaries of the laws in this critical field. The law firm of Jones Day partnered with the Rotary Action Group Against Slavery and various corporations to produce this Global Compendium—Human Trafficking Laws. The Global Compendium—Human Trafficking Laws project seeks to create a global compendium that would make available the first single standardized summaries of human trafficking and modern slavery laws of each country and all U.S. states and territories. The intended users of this Compendium include governments, legislators, NGOs, companies, victims, victim advocates, academics, attorneys, and others. The information in the Compendium not only summarizes laws and identifies resources but also provides that information in a standardized format. This standardization should facilitate use of compendium information and permit users to easily compare the laws of different countries on the same topic. For example, a country’s human trafficking laws on supply chain reporting are in Section 4 for each country chapter. Some country chapters also contain custom sections addressing specific additional information. The law firm of Jones Day partnered with the Rotary Action Group Against Slavery and various corporations to produce this Compendium. The initial installment of the compendium contains about 90 separate pdfs of the human trafficking laws in various countries/states/territories. To summarize each country’s human trafficking laws is a substantial undertaking especially as laws change from time to time. Rather than delay availability of this information, it was decided to release portions of the Compendium in installments. In the future, additional country chapters will be added and existing chapters updated.</p>
