

Rotary Action Groups Annual Report

We thank you for your time spent taking this survey.
Your response has been recorded.

Rotary Action Groups are one of the most important project resources throughout the Rotary world. With your support, club and district projects are more scalable and sustainable and Rotary's image and impact is growing around the globe. It is important that we report on our actions each year. Action Groups are asked to complete and submit their annual reports before 1 October.

The purpose of the annual report is twofold:

- (1) To ensure each Action Group is compliant with the requirements articulated in the Rotary Code of Policies;
- (2) To gather useful information that can be shared with clubs and districts so they understand what type of support Rotary Action Groups can provide to their service projects

Please note: **Action Group annual reports will be reviewed by the RI Board of Directors. Failure to complete this survey and submit an annual report by 1 October will result in immediate suspension.**

To prepare in advance, you may view a copy of the questions that was emailed to you as a PDF document. Please submit your answers via Qualtrics survey.

On the next page, you will see the Table of Contents to move from section to section. On each section, use the three small lines in the upper left hand corner to return to the Table of Contents as needed as this allows you to move to different sections.

Annual Report Update: Rotary Action Group Against Slavery (RAGAS) 1. Program Expansion and Impact: RAGAS leveraged our action plan to enhance our impact by expanding the range of programs we offer. We focused on increasing educational and preventative measures against human trafficking. As part of this initiative, we awarded grants to nine districts, aiding improvements in their communities. 2. Membership Growth and Engagement: We successfully expanded our membership by introducing innovative and creative ways for member participation, which also improved our brand recognition. Engaging both Rotary and non-Rotary members, we conducted quarterly Zoom meetings focused on human trafficking issues, along with quality educational sessions open to broader audiences, providing learning, professional development, and networking opportunities. 3. Partnerships and Collaborations: We expanded our partnerships with major corporations such as UPS, Coca-Cola, Delta, Jones Day, JP Morgan, and Wells Fargo, among others. These collaborations have strengthened our organizational capacity and reach. 4. Structural Improvements: To enhance operational efficiency, we established sub-committees that improved our internal processes. As a result, our organizational structure is now more effective and responsive. 5. Global Reach and Inclusion: We diversified our board by including a Rotaractor, and further expanded our presence globally, welcoming clubs from various countries into our action group. This initiative has been a significant success, attracting interest from non-Rotary members eager to join our mission. These collective efforts have profoundly impacted lives, saving and transforming them through our commitment and action. as really saves and changed lives.

You selected that members of your Rotary Action Group coached clubs/Rotary members on developing a TRF global grant application. Please use the following space to provide more details on how your Action Group coached clubs/Rotary members on developing TRF global grant applications.

Coaching Clubs and Districts on TRF Global Grant Applications During this year, the Rotary Action Group Against Slavery (RAGAS) board and cadre advisors actively coached clubs and districts on developing successful TRF Global Grant applications. Our role has been both educational and consultative, ensuring that project concepts align with Rotary's standards and that clubs have the tools to move from an idea to a fully compliant, fundable proposal. Our support includes:

- **Community Assessment Guidance:** We advise clubs and districts on how to conduct meaningful community assessments, ensuring projects respond to real, locally identified needs.
- **Project Eligibility and Design:** We guide applicants so their projects fall within one of Rotary's seven Areas of Focus and qualify under TRF guidelines. This includes humanitarian projects, graduate-level scholarships, and vocational training teams.
- **Partnership Development:** We help clubs establish Rotary contacts in both the project host country and the international partner country, fostering strong collaboration.
- **Sustainability and Measurable Impact:** We coach applicants to design projects that will be sustainable beyond the grant period, include clear outcome metrics, and actively involve Rotarians, community members, and partner organizations.
- **Capacity Building:** We connect clubs with RI grant resources (my.rotary.org Global Grants), provide sample proposals, and mentor them through the application process.

This year's outcomes:

- RAGAS cadre advisors consulted with over 30 clubs and 10 districts worldwide on global grant preparation.
- We provided detailed guidance to District leaders on Project Dignity in Vietnam, a partnership with World Vision, which is being designed to support vulnerable communities with sustainable, dignity-affirming interventions.
- Several additional clubs received coaching on projects in prevention education, trauma recovery, vocational training, and survivor reintegration, all framed within Rotary's Areas of Focus. Through this mentoring, RAGAS ensures that anti-slavery and anti-trafficking projects not only receive TRF funding but are also sustainable, measurable, and community-driven.

RAGAS Fundraising Report During this Rotary year, RAGAS secured funding through a combination of membership dues, Rotary donations, club and district contributions, fundraising events, and external partnerships. These resources directly supported our signature initiatives in prevention education, awareness, and law enforcement training. Key fundraising outcomes: Membership Dues & Donations: RAGAS continued to raise steady income from annual membership dues and individual Rotary donations, providing the core operational support for Action Group activities. CAPE Grants Support: One Rotary club/district dedicated US\$10,000 from its own fundraising efforts specifically to fund CAPE (Community Awareness & Prevention Education) grants, expanding the reach of our prevention education initiative. Community Fundraising Event: A large 5K race with over 2,000 runners contributed US\$2,000 in proceeds to RAGAS, raising both funds and community awareness of our mission. Corporate Partnership Support: Delta Air Lines hosted a Human Trafficking Law Enforcement Training at their museum at no cost to RAGAS, providing in-kind support and allowing us to leverage a professional venue to train law enforcement and community leaders. District Grant Funding: Rotary District 6900 awarded US\$30,000 in grants to support law enforcement training, enabling RAGAS to scale capacity building and outreach among key frontline professionals. Summary: Through this mix of direct fundraising, Rotary district support, member contributions, and corporate partnerships, RAGAS strengthened its financial base and expanded its ability to deliver sustainable, high-impact projects. These funds are helping advance prevention education, support frontline law enforcement, and mobilize Rotary members worldwide in the fight against modern slavery and human trafficking.

Project Monitoring Report This year, RAGAS members actively monitored and helped oversee a project in Kolkata, India, implemented by the Missing Link Foundation. The project focused on two critical areas: Life skills training for survivors of human trafficking, equipping them with tools for reintegration, employability, and independence. Education and awareness programs in local schools, aimed at building resilience among youth, reducing vulnerability, and fostering community prevention of exploitation. To ensure accountability and alignment with Rotary standards, RAGAS Chair Dave McCleary personally visited the project site in India. His visit allowed for direct observation of activities, interaction with survivors and youth participants, and engagement with local implementing partners. Through these efforts, RAGAS ensured that the project remained: On track with its goals and objectives, Sustainable and community-driven, Aligned with Rotary's areas of focus (particularly Disease Prevention & Treatment, Basic Education & Literacy, and Community Economic Development). This hands-on monitoring reinforced RAGAS's commitment to transparency, accountability, and measurable outcomes in the global fight against modern slavery and human trafficking.

Subject Matter Speakers Report RAGAS members served as subject matter experts at multiple Rotary events throughout the year, including Rotary Zones Institutes, District Conferences, and PETS training sessions. These speaking engagements provided Rotarians with the knowledge, tools, and resources needed to actively engage in the fight against human trafficking. To accelerate club and district engagement, RAGAS developed and promoted our online Anti-Slavery Toolkit, which is free and accessible to all Rotarians. This toolkit equips members with step-by-step guidance for launching prevention, awareness, and survivor support projects in their communities. In addition, we highlighted the importance of Youth Protection Training, also freely available through our website, to ensure that clubs can both protect young people and responsibly involve them in service initiatives. Through these presentations and resources, RAGAS has empowered Rotary leaders across the world to recognize the urgency of modern slavery, implement effective strategies, and build sustainable action within their clubs and districts.
